

<b>Curriculum Plan</b>	<b>Subject</b>	Maths	<b>Year</b>	11 Set 6 (AMO)
------------------------	----------------	-------	-------------	----------------

		W/C 2 <sup>nd</sup> November	W/C 9 <sup>th</sup> November	W/C 16 <sup>th</sup> November
How you will access home learning		Work set will be accessed through Microsoft Teams. You can log on live when maths lessons are timetabled (recommended) or catch up on the recording at a more suitable time.		
How you be able to interact with your teacher and gain feedback on your work		Use the text function within Teams to ask questions during live lessons. Email Miss Moore any further questions.		
<b>Retrieval</b> How we will help you to recall previously learnt knowledge		Every lesson will start with a retrieval quiz. It is good to revisit these at a later date as ongoing revision.		
<b>New Learning</b>	What you will be learning about this week	Probability trees	Similar and Congruent Shapes	Pythagoras
	How we will teach you the new knowledge or ideas	Live Teams Lessons: worked examples and explanation. If you miss the live lesson, the recording can be found on Teams.		
	Activities that will help you learn and practice what you've been taught	Questions provided via the Teams lesson		
	What you can do if you are stuck	<ul style="list-style-type: none"> <li>→ Use the text chat function on Teams if you're in a live lesson</li> <li>→ Search Hegarty Maths for the topic for alternative explanation and practice questions</li> <li>→ Email Miss Moore</li> </ul>		

		W/C 23 <sup>rd</sup> November	W/C 30 <sup>th</sup> November	W/C 7 <sup>th</sup> December	W/C 14 <sup>th</sup> December
How you will access home learning		Work set will be accessed through Microsoft Teams. You can log on live when maths lessons are timetabled (recommended) or catch up on the recording at a more suitable time.			
How you be able to interact with your teacher and gain feedback on your work		Use the text function within Teams to ask questions during live lessons. Email Mr Roden any further questions.			
<b>Retrieval</b> How we will help you to recall previously learnt knowledge		Every lesson will start with a retrieval quiz, with worked solutions provided. It is good to revisit these at a later date as ongoing revision.			
<b>New Learning</b>	What you will be learning about this week	Inequalities	Changing the subject	Indices	Solving quadratics by factorising
	How we will teach you the new knowledge or ideas	Live Teams Lessons: worked examples and explanation. If you miss the live lesson, the recording can be found on Teams.			
	Activities that will help you learn and practice what you've been taught	Questions provided via the Teams lesson
