

Curriculum Plan	Subject	Geography ALevel - Carbon cycles and energy security	Year	13
-----------------	---------	--	------	----

		W/C 2 nd November	W/C 9 th November	W/C 16 th November
How you will access home learning		The PowerPoint and lesson materials will be available in our Year 13 group on Microsoft Teams. If you are isolating at home. Email me prior to the lesson and I will conduct the lesson live on Microsoft Teams.		
How you be able to interact with your teacher and gain feedback on your work		You can interact with your teacher by asking any questions about the work by using the chat function on your Microsoft Team Class. Your teacher will monitor your scores on SHMW quizzes, and you will be able to submit written work for feedback through the online submission function on SHMW.		
Retrieval How we will help you to recall previously learnt knowledge		A weekly quiz to complete, either as part of the classwork or on SMHW.		
New Learning	What you will be learning about this week	What are the alternatives to fossil fuels?	What are the threats to the water and carbon cycle from human activity?	NEA week Data analysis
	How we will teach you the new knowledge or ideas	PowerPoint presentation with activities detailed on the slides. This will sometimes also include other worksheets and information in the textbook (available on Kerboodle). Follow the instructions on the PowerPoint which will guide you through this.		
	Activities that will help you learn and practice what you've been taught			
	What you can do if you are stuck	You can ask a question through the chat function on your Geography Microsoft Team. You can go back over the PowerPoint materials and resources again, stored in the Microsoft Teams area.		

		W/C 23 rd November	W/C 30 th November	W/C 7 th December	W/C 14 th December
How you will access home learning		The PowerPoint and lesson materials will be available in our Year 13 group on Microsoft Teams. If you are isolating at home. Email me prior to the lesson and I will conduct the lesson live on Microsoft Teams.			
How you be able to interact with your teacher and gain feedback on your work		You can interact with your teacher by asking any questions about the work by using the chat function on your Microsoft Team Class. Your teacher will monitor your score on the weekly SHMW quiz, and you will be able to submit written work for feedback through the online submission function on SHMW.			
Retrieval How we will help you to recall previously learnt knowledge		A weekly quiz to complete, either as part of the classwork or on SMHW.			
New Learning	What you will be learning about this week	What are the implications on human wellbeing from the degradation of the carbon cycle?	Why are climate change futures uncertain and what adaptation and mitigation strategies could be adopted?	End of carbon unit test. Revision of the water topic	Revision of the water topic.
	How we will teach you the new knowledge or ideas	PowerPoint presentation with activities detailed on the slides. This will sometimes also include other worksheets and information in the textbook (available on Kerboodle). Follow the instructions on the PowerPoint which will guide you through this.			
	Activities that will help you learn and practice what you've been taught				
	What you can do if you are stuck	You can ask a question through the chat function on your Geography Microsoft Team. You can go back over the PowerPoint materials, and listen to the key explanations included.
