

Curriculum Plan	Subject	Maths	Year	9 support
------------------------	----------------	-------	-------------	-----------

		W/C 2 nd November	W/C 9 th November	W/C 16 th November
How you will access home learning		Work set will be accessed through SMHW, Teams and <u>Mymaths (see instruction slides)</u>		
How you be able to interact with your teacher and gain feedback on your work		All students can email their teacher if they need support and feedback.		
Retrieval How we will help you to recall previously learnt knowledge		At least one retrieval quiz provided each week. In addition, use of TT Rockstars and Maths tasks can support long term learning.		
New Learning	What you will be learning about this week	Algebra: Multiplying Terms <i>Objectives: Simplifying expressions involving multiplication, Expanding Single / Double / Triple brackets</i>		Area <i>Objectives: Area by counting squares, Area of rectangles, compound shapes, parallelograms, triangles + trapeziums</i>
	How we will teach you the new knowledge or ideas	Number > Algebra > Y7 Simplifying 2 > Y7 Brackets		Measurement > Y4 Introducing Area > Y5 Area of Rectangles > Y6 Area of a Parallelogram > Y6 Area of a Triangle
	Activities that will help you learn and practice what you've been taught	You will complete the mymaths task , related to the mymaths lesson of new content. These will give you instant feedback and you can retry the task as many times as you like Your teacher may provide additional/alternative activities via SMHW or Teams		
	What you can do if you are stuck	<ul style="list-style-type: none"> → Use the mymaths lessons to offer support with the work → Email the teacher or use the chat function on Teams 		

		W/C 23 rd November	W/C 30 th November	W/C 7 th December	W/C 14 th December
How you will access home learning		Work set will be accessed through SMHW, Teams and Hegarty Maths			
How you be able to interact with your teacher and gain feedback on your work		All students can email their teacher if they need support and feedback. Task specific feedback can be given via Hegarty Maths. For some lessons on Teams, the meeting text function can allow students to interact with their teacher.			
Retrieval How we will help you to recall previously learnt knowledge		At least one retrieval quiz provided each week. In addition, use of TT Rockstars and Hegarty Maths MemRi quizzes can support long term learning.			
New Learning	What you will be learning about this week	Area Objectives: Area by counting squares, Area of rectangles, compound shapes, parallelograms, triangles + trapeziums	Equations Objectives: Forming Equations + Solving Equations using inverse operation	Equivalent Fractions Objectives: Generating Equivalent Fractions + Comparing Fractions	
	How we will teach you the new knowledge or ideas	Measurement > Y4 Introducing Area > Y5 Area of Rectangles > Y6 Area of a Parallelogram > Y6 Area of a Triangle	Number > Algebra > Y5 Introduction to algebra > Y5 Function machines > Y6 Equations 1 - one step	Number > Fractions > Y2 Simple fractions > Y4 Introducing equivalent fractions	
	Activities that will help you learn and practice what you've been taught	You will complete the mymaths task , related to the mymaths lesson of new content. These will give you instant feedback and you can retry the task as many times as you like Your teacher may provide additional/alternative activities via SMHW or Teams			
	What you can do if you are stuck	→ Use the mymaths lessons to offer support with the work → Email the teacher or use the chat function on Teams
