

Curriculum Plan		Subject	Mass Transport and Genetic information	Year	Y12 Biology
Spring 2		W/C 22nd February	W/C 1st March	W/C 8th March	
How you will access home learning		The PowerPoint and lesson materials will be available in our Year 12 group on Microsoft Teams, Gdrive and SMHW. G drive folder can be found here G:\Science\Home learning biology\Year 12			
How you be able to interact with your teacher and gain feedback on your work		During the home learning period you can interact with your teacher via the live teams lessons. You can ask any questions about the work by using the chat function on your Year 12 Microsoft Team Class. You will be able to submit written work for feedback through the online submission function on SHMW or teams assignments.			
Retrieval How we will help you to recall previously learnt knowledge		Retrieval practice will be included in the weekly PowerPoint, this will include completing questions on content taught in the Autumn Term and first spring term. It will also include five knowledge recap questions about the previous lesson content.			
New Learning	What you will be learning about this week	Tissue fluid, xylem and phloem.	Revision of the Mass transport unit and test.	Test feedback, Unit 10: Species and taxonomy	
	How we will teach you the new knowledge or ideas	New knowledge will be taught through PowerPoint content and live lessons on MS Teams during the period of remote learning	New knowledge will be taught through PowerPoint content and live lessons on MS Teams during the period of remote learning	New knowledge will be taught through PowerPoint content and live lessons on MS Teams during the period of remote learning	
	Activities that will help you learn and practice what you've been taught	Activities will be built into the PowerPoint for you to complete as you follow the instructions and slides. A handout will be provided for each lesson with a diagram or key notes on for the lesson. Exam questions as well as consolidation videos will be provided at the end of each lesson.
