

Curriculum Plan		Subject	GCSE Chemistry (triple)		Year	Y9
Spring 2		W/C 22 nd February		W/C 1 st March		W/C 8 th March
How you will access home learning		Your teacher will deliver live lessons on Teams. Lesson materials will be set via the classroom function on SMHW and will also be available on the G drive. This curriculum plan is written as a guid. Your individual teachers will communicate with you the work that needs to be completed.				
How you be able to interact with your teacher and gain feedback on your work		Your teacher will direct you on this. However, you will be able to submit written work for feedback through the online submission function on SHMW. Your teacher will also interact with you during live lessons on teams and via the comment section on SHMW.				
Retrieval How we will help you to recall previously learnt knowledge		You will have a revision lesson on Structure and bonding	The starter tasks will check key knowledge from the previous lesson to prepare students to build on from this in their new learning.		Retrieval practice starter on the Earths early atmosphere.	
New Learning	What you will be learning about this week	You will complete a series of questions on 'Structure bonding'	You will gain an understanding of how and Earth's atmosphere has changed over time		You will gain an understanding of how carbon cycles through different stores on Earth and in the atmosphere.	
	How we will teach you the new knowledge or ideas	New knowledge will be taught through PowerPoint content delivered on Teams, with recordings and resources accessible after the lesson. There will also be links to videos and websites which help you with these new ideas.				
	Activities that will help you learn and practice what you've been taught	Your teacher will mark this and give you some personal feedback	Concepts will be modelled and opportunity given to practice application of the concept. Activities will be set within the PowerPoints and some worksheets may be used. Answers will be provided to check your understanding.			
	What you can do if you are stuck	<ul style="list-style-type: none"> - You can access your GCSE Chemistry textbook via Kerboodle. - You can ask a question through the chat function on your Year 9 Chemistry Microsoft Team. - You can go back over the PowerPoint materials, looking at the modelled examples. 				

		W/C 15 th March	W/C 22 nd March	W/C 29 th March
