

Curriculum Plan		Subject	Geography - Development Dynamics		Year	10
Spring 1		W/C 10th January		W/C 17th January		W/C 24th January
How you will access home learning		All work will be set in your Microsoft Teams Group for Geography (look for group ending GG). If you are working from home, you should check your Teams group on the day that you have Geography on your timetable. There are also links to video lessons from the Oak Academy website each week that are listed below. These are for you to watch if there isn't any work set for you on Teams. This may happen if your teacher is absent.				
How you be able to interact with your teacher and gain feedback on your work		You can interact with your teacher by asking any questions about the work by using the chat function on your Year 10 Microsoft Team Class				
Retrieval How we will help you to recall previously learnt knowledge		Introductory quizzes and questioning, recall practice and recaps of knowledge.				
New Learning	What you will be learning about this week	We will begin to look at theories about how countries develop over time.	How some countries have developed more than others as a result of globalisation.	We will start an extended study on a specific country, as required by the specification. Our chosen country will be India. We will look at India's growth and its significance as a country.		
	How we will teach you the new knowledge or ideas	PowerPoints (where applicable) will be uploaded to Teams 'Files area or SHMW. The content for this week is based on pages 62-63 of your textbooks (use your Kerboodle log in). Examine Rostow's and Frank's theories. Tasks 1, 3 and the 'Exam style question'. Homework will be on SMHW. Homework will include DIRT work from your Hazardous Earth end of unit test. If your teacher is absent and there is no ongoing work left you can watch these	PowerPoints (where applicable) will be uploaded to Teams 'Files area or SHMW. The content for this week is based on pages 64-65 of your textbooks (use your Kerboodle log in). Answer the tasks from 'your questions' then the ESQ (see it as an 8 mark question). We will discuss what globalisation is, what role foreign direct investment plays and how development of various countries can be applied to the Clark-Fisher model.	PowerPoints (where applicable) will be uploaded to Teams 'Files area or SHMW. The content for this week is based on pages 66-67 of your textbooks (use your Kerboodle log in). Tasks 1,2,3. For task 3 perhaps split a full page into quarters. If your teacher is absent and there is no ongoing work left you can watch these video lessons from the Oak Academy website: Where are the emerging countries? (thenational.academy)		

	<p>video lessons from the Oak Academy website:</p> <p>Where are the emerging countries? (thenational.academy)</p> <p>What are the features of an emerging country? (thenational.academy)</p>	<p>If your teacher is absent and there is no ongoing work left you can watch these video lessons from the Oak Academy website:</p> <p>Where are the emerging countries? (thenational.academy)</p> <p>What are the features of an emerging country? (thenational.academy)</p> <p>How has the employment structure changed over time in emerging countries? (thenational.academy)</p>	<p>What are the features of an emerging country? (thenational.academy)</p> <p>How has the employment structure changed over time in emerging countries? (thenational.academy)</p>
<p>Activities that will help you learn and practice what you've been taught</p>	<p>Activities will be built into the PowerPoint for you to complete as you follow the instructions and slides. These will be broken down into short tasks.</p>		
<p>What you can do if you are stuck</p>	<p>You can ask a question through the chat function on your Geography Microsoft Team or by email.</p>		

		W/C 31st January	W/C 7th February
