

Curriculum Plan		Subject	Biology	Year	10 Triple T1
Spring 1		W/C 10 <sup>th</sup> January	W/C 17 <sup>th</sup> January	W/C 24 <sup>th</sup> January	
How you will access home learning		All work will be set in our Microsoft Teams group. In there, look in the 'Files' section where you will find class materials saved in folders for each week. If working from home you should check your teams group on the day and time you have biology on your timetable			
How you be able to interact with your teacher.		You will be able to join each lesson (or part of the lesson) via Microsoft Teams. This will enable you to listen to teacher delivery for explanations of new content or instructions for tasks. Check the posts in your Microsoft Teams group for details of the specific time to join the lesson live. You will be able to ask questions in the chat function of Microsoft Teams if you have any questions about the work. Work can be submitted through the assignment tab on Teams, when appropriate or via SMHW if the teacher asks.			
<b>Retrieval</b> How we will help you to recall previously learnt knowledge		Retrieval practice will be included in the weekly PowerPoint. It will include five knowledge recap questions about the previous lesson content.	Retrieval practice will be included in the weekly PowerPoint. It will include five knowledge recap questions about the previous lesson content.	Retrieval practice will be included in the weekly PowerPoint. It will include five knowledge recap questions about the previous lesson content.	
What you will be learning about this week		Plant Hormones and Responses Using plant hormones	Seedlings Required Practical Controlling body temperature	Removing waste products The human kidney	
New Learning	How we will teach you the new knowledge or ideas	PowerPoints will be uploaded to Teams 'Files area or can be found on the G drive here G:\Science\Home learning biology\Year 10\Triple\Triple Unit 5\9. Homeostasis and response -Plant hormones and responses G:\Science\Home learning biology\Year 10\Triple\Triple Unit 5\11. Homeostasis and response -Using plant hormones You can also watch this video lesson <a href="#">Lesson: Plant hormones   Teacher Hub   Oak National Academy (thenational.academy)</a>	PowerPoints will be uploaded to Teams 'Files area or can be found on the G drive here G:\Science\Home learning biology\Year 10\Triple\Triple Unit 5\10. Homeostasis and response -Required practical - growing seedlings G:\Science\Home learning biology\Year 10\Triple\Triple Unit 5\12. Homeostasis and response -Controlling body temperature You can also watch these video lessons <a href="#">Lesson: Required practical: Plant hormones (Part 1)   Teacher Hub   Oak National Academy (thenational.academy)</a> <a href="#">Lesson: Required practical: Plant hormones (Part 2)   Teacher Hub   Oak National Academy (thenational.academy)</a>	PowerPoints will be uploaded to Teams 'Files area or can be found on the G drive here G:\Science\Home learning biology\Year 10\Triple\Triple Unit 5\13. Homeostasis and response -Removing waste products G:\Science\Home learning biology\Year 10\Triple\Triple Unit 5\14. Homeostasis and response -The human kidney You can also watch these video lessons <a href="#">Lesson: The kidney (Triple only)   Teacher Hub   Oak National Academy (thenational.academy)</a>	

			<a href="#">Lesson: Regulating body temperature (Triple only)   Teacher Hub   Oak National Academy (thenational.academy)</a>	
	<p>Activities that will help you learn and practice what you've been taught</p>	<p>Activities will be built into the PowerPoint for you to complete as you follow the instructions and slides. These will be broken down into short tasks.</p>		
	<p>What you can do if you are stuck</p>	<p>You can ask a question through the chat function on Microsoft Teams or send an email to your teacher. You can go back over the PowerPoint materials which will be saved in Teams. The Teams lessons will be recorded so you can return to them when needed.</p>		

		W/C 31st January	W/C 7 <sup>th</sup> February
