		W/C 10 <sup>th</sup> January	W/C 17 <sup>th</sup> January	W/C 24 <sup>th</sup> January
How you will access home learning		Work set will be accessed through Teams and Hegarty Maths		
How you be able to interact with your teacher and gain feedback on your work		All students can email their teacher if they need support and feedback. Task specific feedback can be given via Hegarty Maths. For some lessons on Teams, the meeting text function can allow students to interact with their teacher.		
<b>Retrieval</b> How we will help you to recall previously learnt knowledge		Starter quiz will be posted on Teams at the lesson time. Live lessons will begin with solutions or they will be posted in the channel.		
<b>New Learning</b>	What you will be learning about this week	<b>Solving using quadratic formula</b>	<b>Bounds and Estimation</b>	<b>Changing the subject of an equation</b>
	How we will teach you the new knowledge or ideas	New content will be delivered in live lessons on Teams. Alternatively, links to Hegarty Maths videos and tasks will be posted in the channel on the day.		
	Activities that will help you learn and practice what you've been taught	You will complete the questions presented in Teams live lesson or follow up with <b>Hegarty Maths quizzes</b> as directed in the live lesson. These will give you instant feedback and you can retry the quizzes as many times as you like (aim for at least 80%)		
	What you can do if you are stuck	→ Use the 'get help' button on HM and/or watch the building blocks lessons → Use the comment section on HM to query an answer → Email the teacher or use the chat function on Teams
